

Professional Partner Network

We are very proud to have the following partners as a part of our Professional Partner Network. Each partner has been carefully selected based upon their ethics, character, and integrity in the way they conduct their business practices.

Should you have any issues arise out of any referral we provide you, please notify us immediately so we can handle the situation appropriately.

Rules: All business partners are required to go through a personal interview with the Chief Executive Officer of Alexander & Associates (AAI) prior to their being considered for candidacy as a member of the AAI partner network and must provide at least three professional references, which will be checked, and must be approved by the members of the AAI Professional Partner Network prior to being approved as a member of the Alexander & Associates Professional Partner Network. *Members are selected as one member for each business industry with the exception of the banking industry since banks are territorial in nature. Territorial businesses may also have multiple companies listed based upon one company of each type per territory.*
